(Carminative)

Diarrhœa and Dysentery use Dr. Jayne's Carminative Balsam. ...Changes of climate or water, and indiscretions in eating often produce these complaints, travelers and others should always keep a bottle of this remedy by them. It never fails to subdue the most violent attacks, and it is equally serviceable for Cramps in the Stomach or Bowels, Griping Pains, &c.

Cholera Morbus, Cholera Infantum and Colic use Dr. Jayne's Carminative Balsam. It removes all soreness of the abdomen, allays the irritation and calms the action of the Stomach. It may always be relied on to give immediate relief, and besides being effectual, is a pleasant and safe remedy, easily administered to children.

Asiatic Cholera and all Bowel Affections use promptly Dr. Jayne's Carminative Balsam. It checks the Diarrhœa, suppresses the Cramps which generally accompany attacks of Cholera,—and conquers the disease in its incipiency. It has frequently been administered in neighborhoods where the Cholera has been raging epidemically, and it has seldom failed to give immediate and permanent relief. The Carminative has maintained its reputation as a Curative for nearly forty years, is equally effective in all latitudes and as a Standard Household Remedy, should be kept in every family.

The Corn Crop.

Washington, Sept. 25.—The September report of the department of agriculture says: "If the corn crop could be thoroughly ripened, its aggregate would exceed any previous crop, and the yield per acre would be one of the best, notwithstanding the loss by overflow of bottoms and saturation of heavy flat soils, such loss proving less than the usual damages by drouth and insects, while the rains have greatly benefited the crop on dryer and higher soils. Nearly everywhere corn is late in maturing from one to two weeks.

The Chicago Custom-House—Last Report.

Washington, Sept. 25.—The report of the board appointed to investigate the Chicago custom-house, after reciting the circumstances of their appointment, and acknowledging the good offices and courtesy of all with whom their duties brought them in contact, arrives at the following conclusions: The ground on which the foundation of the building rests was, by our direction, thoroughly tested, by digging, boring and applying known weights upon known areas, thus giving us, we believe, a thorough knowledge of its nature, &c. Your commission finds the building is underlaid throughout its whole extent with a compressible stratum of mixture of clay, sand and water, in thickness from 20 to 25 feet, below which is hard blue clay. That the foundation of the building should, in the first instance, have been carried to this blue clay, either by piling or by masonry, and had this course been adopted there would never have been any question as to the safety of the building. The building rests on a continuous mass of concrete, varying in thickness from 3½ to 4 feet, covering the whole area of the building except the central and corner spaces, and some of the areas. The concrete is excellent, and distributes the pressure over an area materially greater than that of the footing stones of the piers, so that the pressure per square foot on the ground below will probably not be greater than 2,000 pounds. The results of tests applied by the board shows this ground will bear a pressure of 4,000 pounds per square foot without material disturbance.

The commissioners therefore report that in their opinion the foundations of the building is not on firm ground, but that with the modification already proposed and alterations of the foundations, the defects may be remedied. The board are of opinion, after careful examination, the stone is not that which they would have selected for such a building. Cheaper and better stone could have been obtained. But on account of the fact that a large amount of money has already been expended in the purchase, cutting and setting of the stone, and as it has in this building and in such structures as the board has seen the apparent durability of ordinary sandstone and its strength is sufficient for the building, they don't think any change should now be made in the stone, and they are of opinion the pier at the corner of Clark and Adams street, and the two adjoining piers should be taken down to the sill course of the first story; three sides being out of plumb; that the supervising architect of the treasury should be requested to reduce the weight of the building above the second story, and omit all stone work above the line of the horizontal cornices, which they believe can be made without injury to the architectural appearance or the usefulness of the building for the purposes of its erection. They lay great stress on this recommendation, and believe money saved by the proposed reduction of weight, and cost of finish will much more than compensate for the expense incurred by the additions recommended to the foundation. The board are of opinion the suspension of work on account of an apparently dangerous crack in the wall and the general appearance of the building after its winter exposure, and without due protection and care, was a necessary precaution for the protection of the interest of the government, but we see no reason against the immediate resumption of work according to the suggestions herein made.

Chicago, Sept. 25.—Secretary Bristow has directed the supervising architect to select for the superintendent of this building the most competent and trustworthy man he can obtain, charge him with seeing that all contracts for material are rigidly enforced, all material inspected, and to take any other steps he may find necessary to carry out the recommendation of the report.

Out at Last, and Under Fire, too.

New York, Sept. 25.—A Washington dispatch to the Post says the resignation of Secretary Delano was placed in the hands of the president before his departure for the west, to take effect early in October, and it is not believed he will return here again to actively resume his duties as head of the interior department, but merely to close up his private affairs. The secretary already had all his private papers packed up and removed from the interior department, and his picture has been ordered hung on the walls of the secretary's office with those of former ex-secretaries. There is much quiet speculation as to his successor, but nothing definite can be ascertained, as to the president's intention. It was known some months ago the president contemplated making Assistant Secretary Cowan, secretary ad interim a short time, on the retirement of Delano, but it is said by those in close relations with the executive, he has abandoned this idea and will make a new appointment outright.

Delano's Letter of Resignation and Grant's Acceptance.

Washington, Sept. 25.—The following is the letter of Hon. C. Delano, resigning the office of secretary of the interior, with the President's letter of acceptance. It may be stated that on the 22d inst., the date of the president's letter, Mr. Delano, in company with a friend, called on President Grant at Elizabeth, N. J., to urge the president's acceptance of his resignation. It is probable, from present indications, that the appointment of his successor will be made from Pennsylvania and that his name will be announced to-morrow:

Washington, July 5, 1875.

Mr. President: I have the honor to transmit with this note my resignation of the office of secretary of the interior. You have been aware for some time of my earnest desire to retire from public life, and you have understood the reasons connected with my private business and domestic afflictions which have produced and intensified this desire. Last November I requested you to accept my resignation. You asked me not to insist upon it and expressed the desire that I remain in your cabinet until the end of your administration or as long as I found it agreeable to do so. At your request and solicitation I declined then to insist upon your acceptance of my resignation, assuring you, however, that I must resign during the early part of the ensuing spring. When that period arrived, and during the months of April and May, you advised me again not to resign, which advice agreed with my own judgment. The reasons for this conclusion need not be stated here. Since you were called by your fellow citizens to perform the duties of chief magistrate, you have invited me without the solicitation of myself or friends so far as I know and believe, to take charge of important and responsible public trusts—the internal revenue bureau and interior department. I was commissioner of internal revenue from March '69 to Nov. '70, a period of one year and eight months. The results of my administration you know, and they are not, I trust, entirely unknown to my fellow-citizens. The difficulties of this position and diligence, care and labor required of me in discharging its duties you also understand and of these I trust the public has some correct appreciation. I assumed the duties of the interior department in Nov., 1870, and have discharged them to the best of my ability for the period of four years and eight months. These have been laborious, difficult and delicate. They have embraced the supervision of the general land office, Indian bureau, pension and patent offices, the bureau of education and a mass of miscellaneous business unknown to any except those connected with the public service. These cause the head of the department a vast amount of judicial labor and responsibility which is not generally understood. The Indian bureau, as you know, is full of intricate, delicate and vexatious questions growing out of the numerous Indian treaties and the imperfectly defined the relations existing between the government and the Indian races. The execution of this service is also greatly embarrassed by the remoteness of the localities where much of it has to be performed, and has prevented the personal supervision over the persons employed, as well as by want of salaries large enough to command talents, character and capacity equal to the duties and responsibilities of the position. And many important duties of the head of the department are connected with the material and pecuniary interests of individuals. These interests are often large in amount. The secretary in deciding must necessarily reject the claim of one of the parties, and thereby not unfrequently finds himself assailed by misrepresentations and falsehoods of the defeated claimants. I feel confident that thorough and impartial examination into the present condition of the public service connected with the bureau attached to the interior department will show that it has never been in more prosperous condition than it now is, and I feel sure that the most scrutinizing examination will sustain the opinion here expressed, and that it will also lead to the conviction that great improvements have been made under your policy in the service connected with the Indian bureau. You have always lightened my burdens by cheerful, prompt and cordial co-operation. When our official relations are severed I shall always continue to cherish for you the highest regard, founded upon my unqualified confidence in your unselfish patriotism, accuracy and solidity of your judgment, and in the high sense of justice which has always characterized you, and from which, in my opinion, nothing can tempt you intentionally to deviate. I have the honor to be, with great sincerity, your friend and obedient servant,

C. DELANO.

Following is the president's reply:

Long Branch, Sept. 22, 1875.

Dear Sir: Your letter of the 5th of July, tendering your resignation of the office of secretary of the interior, was duly received, and has been held by me until this time without action because of the continued persecution which I believed and believe was being unjustly heaped on you through the public press. I only now take action because the time is rapidly approaching when the secretary of the interior will have to commence his labors, preparatory to rendering his annual report to accompany the annual executive message to congress. I therefore accept your resignation, to take effect on the 1st of October, leaving a little more than two months from the induction of your successor until the assembling of congress. In accepting your resignation I am not unmindful of the fact that about the time of the meeting of congress one year ago you stated to me that you felt the necessity of retiring from the cabinet and asked me whether I would prefer your resignation so as to have your successor confirmed by the Senate during the last session, or whether I would prefer it afterwards. My answer was that I would prefer not having it at all; that was my feeling at the time, and I now believe that you have performed every public trust confided to you with ability and integrity. I sincerely trust that the future will place you right in the estimation of the public, and that you will continue to enjoy its confidence as you have done through so many years of public and official life. With continued respect and friendship I subscribe myself very truly, your obedient servant,

U. S. GRANT.

New Steamer for the China Line.

Washington, Sept. 24.—The Pacific Mail Steamship Co. have tendered the new steamer *City of San Francisco*, which sailed from New York for San Francisco on the 29th inst., for the conveyance of mails between San Francisco, Japan and China, and steps have been taken to have her inspected and surveyed, as required by law, at San Francisco, when she arrives at that port.

BY ATLANTIC CABLE.

Turkey Demands Unconditional Submission, which the Insurgents Refuse.

London, Sept. 25.—The *Pall Mall Gazette* this evening has a special telegram from Berlin which contains the following: The Sublime Porte has declined to make any concessions until the insurgents have tendered a complete submission. The latter, however, refuse to suspend hostilities until the great powers guarantee an eventual concession. The proceedings of the consular delegation are at a standstill and consuls have asked their respective governments for further instructions.

Peace by Intimidation.

London, Sept. 26.—The *Observer* believes the British government intends strengthening its fleet in Chinese waters, but so far there is no reason to apprehend that our difficulties with China will require settlement by other than pacific measures.

French Affairs.

Paris, Sept. 25.—Deputies of the left have resolved to return to Paris the first of October to prepare for the work of the coming session of the assembly, and particularly for debate on the electoral law, which measure will be first discussed. The *Opinion Nationale*, organ of several republican deputies, says the decision of the cabinet to advocate voting by arrondissement, has produced a strong sensation among deputies of the left centre. A rupture between M. Daufaine and the left centre is now certain. No effort will break the factions of the left.

Paris, Sept. 26.—The Duc De Cazes has instructed M. Channound to make energetic representations to the Spanish government, urging that the guerillas who assassinated Rigaunder, a French resident of Cuba, be brought to justice.

Spain and the Church.

Rome, Sept. 25.—Cardinal Simoni telegraphed the pope the Spanish government is taking time to consider the question of his circular to the bishop and it will do its utmost to arrive at an understanding.

Troops for Cuba.

Santander, Sept. 25.—Thirteen hundred infantry embarked for Cuba to-day. One thousand more will sail on the 2d of October.

Extradition.

Madrid, Sept. 25.—A man named Springly, a native of Switzerland, has been delivered to the United States, which had demanded his extradition. Springly will embark at Cadiz for New York.

The Spanish Civil War.

Madrid, Sept. 25.—The Carlists have abandoned the bombardment of the town of Gustasia on the Biscayan coast.

Madrid, Sept. 26.—The Alfonsists army in Navarre is closing around the Carlist positions. Don Carlos and Gen. Dorregaray are still at Estella. Gen. Loma has defeated the Carlists on the Valmazeda line, cutting off their communications with the valley of Corona.

European Financial and Grain Markets.

London, Sept. 25.—The *Times* this morning in its financial article, says the tone of the market for public securities has been dull, in consequence of lower prices received from all German exchanges, where it is stated the attitude of Russia on the Eastern question is causing little anxiety. Corn is dull, but holders are rather firm. There has been no further change in prices. Fair weather continues in the districts where harvesting is not completed and good progress has been made this week in foreign and colonial produce. The markets continue extremely quiet, though there has been an improved demand for West India sugars.

The Forest Queen, of Port Ludlow, Foundered.

London, Sept. 25.—The *Morning Standard* has a special to-day from Dover, containing the following: The steward of the American bark *Forest Queen*, Capt. Burns, with wood and spars from Port Ludlow for Havre, has arrived at the National Sailor's Home for the Destitute at Dover. He reports the *Forest Queen* foundered off Rio de la Plata, and that the captain was killed by the rolling of spars. A boat containing the first mate and six men put off from the wreck, and another with the second mate and five men followed. The latter was soon lost sight of by the steward, who was in the first boat. On the fourth day one of the men died from exposure. On the nineteenth day they were sighted by a Norwegian bark and taken on board. The steward, with others, who were Dutch, were landed at Ramsgate yesterday. The latter returns home from that port.

The Prince's Boat Fails.

London, Sept. 25.—The departure from Portsmouth of the steamer *Seraph* for Brindisi where she is to embark the Prince of Wales for his eastern trip was postponed on account of an unsatisfactory trial trip. The rolling of the ship was excessive and her speed was diminished.

Herzegovinians Want Independence.

London, Sept. 25.—A number of fugitive Herzegovinians in Austria addressed a manifesto to the consuls' meeting enumerating their grievances, rejecting mediation of the powers and demanding complete liberation of the Herzegovinians from Ottoman rule.

Failure of the Mediators.

Constantinople, Sept. 25.—The English, French and Russian consuls arrived from Trebigne Wednesday. They informed their respective ambassadors they completely failed in their mission. They were unable to see the principal insurgent leaders. Nothing has been heard during the last few days from consuls of Germany, Italy and Austria. It is presumed they are unable to leave Trebigne.

Tempestuous Weather—Marine Disasters.

London, Sept. 27—5 A. M.—The weather has been tempestuous, and some damage to shipping is reported. The steamer *Germanic*, which was signalled this afternoon, proceeded to Liverpool without calling at Queenstown on account of the heavy sea. The *Mary Richards* has been wrecked at Carnarvon, and the crew, numbering six, drowned. The storm has deranged the telegraph wires north, and communication with the direct cable company's lines is interrupted.

Steamer Sunk—Fourteen Lives Lost.

The steamer *Adler* came in collision yesterday with the Swedish steamer *King Oscar Second*, near Grimsby. The latter sunk and 14 persons drowned.

Preparing for War.

London, Sept. 27, 6 A. M.—The *National Zeitung* of Berlin, states that mobilization of the whole Servian army has been ordered. A special dispatch to the *Times* from Berlin, confirms the report.

Not a Failure.

London September 26.—H. M. steamer *Serapis*, which is to take the Prince of Wales to India, sailed Sunday for the Mediterranean, her trial trip proving satisfactory.

The Programme of the Imperialists.

New York, Sept. 26.—A *Herald* cable from Paris 25th, says the Bonapartists' council which met in secret session at Arenberg, Switzerland, at the chateau of ex-Empress Eugenie, for the purpose of determining the future policy of the party, resulted in the following party programme: The prince imperial shall undertake in person the executive direction of the imperialist policy. The empress, who is unpopular with a large section of the party on account of her pronounced ultramontanism, has abdicated the regency and leaves the young prince to be guided by counsels more in accord with the prevailing sentiment of the party. The prince imperial will be guided wholly by M. Rohr, thus restoring to prominence in the party the section which steadfastly opposed all concessions to the constitutional party and disapproved of the liberal policy of M. Emil Ollivier, previous to the war of 1870. Should the party succeed in restoring the empire, this choice of a leader leaves no doubt as to its character. It will be despotic in the fullest sense of the term. The council at Arenburg has decided on the constitution of 1852, in all its vigor, as the one of their choice. The policy agreed upon as best calculated to advance the interests of the party in the present assembly is a continuous demand for a plebescite which will, they think, flatter the masses by appealing to leave the final decision as to the form of government in the people's hands. They will also demand a revision of the constitution in accordance with article eight of the constitution of Feb. 28.

Refuses to go to War.

Berlin, Sept. 26.—Roumanian government has refused Servia's request to co-operate with her in case she went to war with Turkey, and merely promised to place an army of observation on the frontier.

Servian Officers Shot by Turks.

Belgrade, Sept. 26.—The Turkish soldiers shot two Servian officers Saturday night, near Neisch. The officers were making a round of inspection on Servian territory. The cabinet meets to-morrow to consider what measures are necessary. Great excitement prevails.

The Sultan Threatens to Occupy Servia.

News has been received here that the insurrection in Bosnia is fomented by Servian bands. Turkey intends to send an ultimatum threatening to occupy Servia with her troops. It is stated, however, that the European powers will not permit this step.

CANADA.

Religious Riots.

Toronto, Ont., Sept. 25.—This morning the provincial council commenced at St. Michael's cathedral, Bishop Walsh preaching the inaugural sermon. This afternoon the jubilee pilgrimage took place from church to church. During its progress several serious disturbances took place. At the corner of Queen and Brock streets a general fight occurred. With the aid of the police the Catholics succeeded in reaching the church they were aiming for. Coming out of the church they were again attacked, volley after volley of stones, etc. being fired from both sides. Pistol shots were fired from all quarters. The wounded amount to some 40 to 50. It is reported one man is killed. The city is quiet now.

CENTRAL AMERICA.

The Cuban Privateer.

Aspinwall, Sept. 26.—The Cuban steamer *Cruguay*, late the *Octavia*, bearing the flag of Uruguay, arrived from San Andreas, where she has been for arms and ammunition, sent from here on the brig *Nile* between two and three months ago. After taking coal and provisions, she sailed, probably, for Cuba. While here she lost seven of her crew by desertion.

U. S. Fleet at the Isthmus.

The U. S. steamer *Worcester*, flagship of Admiral Mullaney, arrived at Aspinwall on the 14th. The *Swatara* reached there on the 17th. The *Omaha* and *Richmond* were at Panama.

Spain Calls Guatemala to Account.

It is reported that Valmazeda, captain-general of Cuba, at the instance of the Spanish government, sent a note by a Spanish envoy to President Barrios, of Guatemala, taking the Guatemalan government to task for its proclamation recognizing the Cuban republic and insisting on its revocation. Guatemala has consented to send a minister to Madrid to discuss the matter.

One of the Assassins of President Moreno Shot.

Comejo, another of the assassins of President Moreno, of Ecuador, has been captured and shot. Dr. Manuel Polanco, with whom he was in correspondence, has been sentenced to nine years' imprisonment, and will be further tried by court martial, as the chief instigator of the conspiracy. Several other citizens implicated in the affair have been banished. Rigid measures have been adopted against the press.

A Chilean Cable.

The submarine cable has been laid as far as Caldera, Chili.

Enforcing a Loan.

The president of Peru has asked a loan of eight millions of reals. The banks offered a million, which the government refused and threatened to issue paper money unless relief was forthcoming.

SOUTH AMERICA.

Government Reforms in Uruguay.

Montevideo, Sept. 25.—The government has issued a manifesto in which it declares it will make every effort to secure a speedy pacification of the country and promises to reduce the volume of paper money, reform the system of taxation, the creation of a national bank and regulation of the public debt.

WEST INDIES.

Tornado in the West Indies.

Havana, Sept 26—Advices from St. Thomas, 27th, say the hurricane did great damage in all Windward Islands. Many vessels ashore. The British ship *Cudfish* lost 12 of her crew. The British steamer *Caribbean* was badly damaged, and lost some of her crew.

A Revolution that Failed.

An attempted revolution in San Domingo proved a failure.

FARMING ITEMS.

An American fruit dryer has been set up at the Dalles.

A large amount of wheat is being daily received at the different warehouses in Eugene for storage.

Some of the Lane county farmers think wheat a much better crop than flax according to a correspondence in the *Farmer*.

There were 130 wheat wagons waiting to unload at one time, at the Farmers' warehouse, Albany, last Wednesday. The procession was about a half mile long.

A peach tree at Monmouth, Polk county, which is about four feet high and one inch in diameter near the root, and which grew from a seed planted last year produced 98 peaches this season.

There is now stored in the warehouses of Eugene in the neighborhood of 150,000 bushels of wheat. No large lots are selling and the price may be quoted at from 75 to 80 cents, with a prospect that the lowest figure has not yet been reached.

Both of the large flouring mills at Tumwater are furnishing immense quantities of flour. Farmers are receiving a better price for their produce than they generally obtain at this season of the year, and have no difficulty in disposing of all they bring to market. There is plenty to do in all departments of business, and no person desiring work need necessarily remain idle.

The *Democrat* estimates that about two thousand teams are daily engaged in hauling wheat into Albany, and that at least 35,000 bushels of grain are daily stored there. The streets are crowded with teams from morning till night, the jam being so great that in some instances wagons are compelled to wait for an hour or two before being able to discharge their loads. The storage capacity of the warehouses is 1,150,000 bushels, and it is now believed that it is not sufficient to contain the amount of grain which will be offered.

There are eight beer and twenty five retail liquor drinking saloons at present in King county, W. T., an increase over last year of three of the former and six of the latter. The eight beer saloons pay annual license fees of one hundred dollars each, three of the liquor saloons the same, one of two hundred dollars, and twenty-one of three hundred dollars each. From all, the annual revenue received is seven thousand six hundred dollars.

PACIFIC COAST NEWS.

CALIFORNIA.

Bank of California to Reopen Early in October.

San Francisco, Sept. 25.—The syndicate of the Bank of California met to-day at 11 A. M., and organized by the election of William Sharon, president of the Bank of California, treasurer; R. H. Lloyd, secretary; executive committee, Charles P. Keene, Charles Mayne, R. F. Morrow, D. O. Mills, R. H. Lloyd. An assessment of 20 per cent was levied on the subscription to guarantee a fund amounting in round numbers to $1,500,000. This with the coin now on hand will give between $2,000,000 and $3,000,000 to open with. The bank will reopen either on Saturday, October 2d, or early the following week. A meeting of the board of directors will be held next Monday or Tuesday, when the date of resumption will probably be fixed. Entire harmony prevailed at the meeting and a determination evinced to push matters to a successful termination.

Effect of the Action of the Bank Syndicate.

The action of the bank syndicate has caused the utmost good feeling in the city this afternoon. Among the brokers it was the prevailing topic of conversation. It is probable that a meeting of the San Francisco Stock Exchange will be called early next week, and a resolution adopted to resume sessions on the first Monday following the opening of the banks.

San Francisco Stock Market.

Arraignment of the Embezzler Woodruff.

San Francisco, Sept. 25.—At the municipal court this morning John Miller, *alias* Woodruff, was arraigned on four different indictments for embezzlement. The first indictment charged him with embezzlement of $10,000, the property of the Southern Pacific Railway Co., in July last; the second with having embezzled $10,000 in February last, moneys of the Western Development Co.; the third with the further embezzlement of $9,000 in the following month, the property of the same company; the fourth indictment with defrauding the Contract and Finance Co. of $10,000. On motion of his counsel, N. Green Curtis, who stated he required a few days to look over papers, the prisoner was granted until the 28th instant to plead to the four indictments, and was remanded to the city prison in custody.

The State Fair.

Sacramento, Sept. 25.—There are fewer people at the Agricultural Park this afternoon than yesterday, but still there is a good attendance. The first race was a running race, dash of one mile, free for all, for a purse of $300—$200 to the first, $75 to the second and $25 to the third. There was only two entries, Electra, by James Mee, and Lady Amanda, by Walsh. This was one of the most closely contested races ever run on this track. Amanda had the pole, but Electra had a slight advantage at the start, but Amanda, before coming up to the turn, came up with Electra, who at the turn cut in and took the pole from Amanda. At the quarter, made in twenty seconds, the mares were even, continuing so around the track. As they came down the home stretch there was great excitement, the spectators being unable to distinguish which was leading. Amanda, however, came in first under the string by about six inches, winning the race and first money. Time, 1:44½.

Senator Booth at Vallejo.

Vallejo, Sept. 25.—Senator Newton Booth arrived in Vallejo this morning from San Francisco and visited the navy yard at Mare Island at 11 A. M. He was escorted to Mare Island in the navy yard launch from Vallejo, by some of the leading officers and citizens of this place, and a senatorial salute was fired upon his arrival on the Island.

Napa and Solano Fair.

The annual fair of the Napa and Solano Agricultural Society commences on the 28th September. Every arrangement is being made to make it a success.

Shot in a Brothel.

Nevada, Sept. 26.—Officer Scott, while making his usual rounds this afternoon, found a man named James Devine laying in Chinatown with a dangerous wound in the stomach. Devine was carried to the National Exchange, and there informed the officers he had been shot by one of the women inmates of a house of prostitution near by where the officers found him. All the inmates of the house were brought before him and he immediately recognized Annie Reed as the woman that had done the shooting. Reed was then placed in jail. It is thought Devine cannot recover.

Inquest on Edgar May—Talk of Lynching.

Santa Cruz, Sept. 26.—A coroner's inquest on the body of Edgar May, who was murdered last evening, was held at 4 P. M. to-day. The verdict is to the effect that he came to his death by a knife wound at the hands of N. F. Atherton, whom they bound over to appear before the grand jury, charged with deliberate murder. A general feeling of indignation prevails, and some talk of lynching is afloat, but as the jail is strongly guarded it is not likely to occur. The prisoner maintains his self composure, and on being visited in his cell evinces no signs of uneasiness. He is said to have remarked "if he must die for it he will do it like a man." Discharge papers were found on his person from the United States army, bearing the above name. The body of May was taken to Watsonville this afternoon for burial, accompanied by relatives from that place. His mother and friends reside in Oakland, and will be on hand at the funeral.

BRITISH COLUMBIA.

The *Colonist* says on the night of the 20th of August ice formed on water in Cumbie's Camp, Tatlaico country.

A ball by the citizens of Victoria to Admiral Cochrane and officers of H. M. S. *Repulse* will take place in the course of a few days.

Amongst the packages by the *Salvador*, arrived at Victoria, is one containing $20,000 in gold coin for the Bank of British Columbia.

The annual show of the North and South Saanich Agricultural Society will take place at the new hall, west road, on Tuesday, 5th of October.

The yield of the Victoria claim was 500 ozs., and of the Vulcan claim 100 ozs. last week. Both these companies are located on Lightning creek.

Amount of treasure shipped from Victoria by Wells, Fargo & Co. per *City of Panama*: Bank of British North America, $25,455; F. Garesche, $20,745. Total, $46,200.

The Van Winkle Company, on Lightning creek, washed up 1,370 ounces, equal to $28,260, or $2,600 to the share, last week. This is the largest week's yield ever made on Lightning creek.

Indians on Tuesday reported in Victoria that a lumber vessel had been wrecked on the west coast of the island and four men drowned. The government steamer *Sir James Douglas* arrived from the west coast last night, and reports hearing nothing of any wreck.

Mr. Trapp, of Kamloops, left Victoria with a number of choice breeding stock for his farm a few days ago. Learning that the wagon-road from New Westminster up was in a good condition he concluded to drive the stock to Hope. In some places he found the road a quagmire and the bridges dangerous. At Sumas, whilst trying to drive the stock across a bridge, the structure gave way and eight of the animals were killed and a number dangerously injured.

There are 40 horses in training for the fall races on the Boise city track.

OREGON.

The academy at Baker City is open for the reception of students.

The deputy revenue collector is perambulating Eastern Oregon.

The Hook and Ladder Co. at the Dalles are having new apparatus made.

The circuit court for Baker county, Judge McArthur presiding, is in session.

A retort for the Nonpareil quicksilver mines has been taken to Douglas county.

Governor Grover appointed R. A. Steel, of Weston, a notary public for Umatilla county.

A horse trampled a Monmouth student named Lucas, last week, giving him some bad bruises.

A sociable at the Congregational church at the Dalles last week netted $37, which was donated to the pastor.

A fire broke out in the brush near the Salem depot last Friday and destroyed a lot of cord wood, fencing, etc.

The Dalles *Mountaineer* has completed its XVth volume and claims to be on a sound basis every way. Good for it.

The Odd Fellows' library at Salem, has lately received some twenty-six volumes, some of which are the very best works.

A farmer had two ribs broken by falling on the edge of a shute in one of the Albany warehouses, on Thursday of last week.

Newport coal mine has been sold to the Newport Coal Co., and stock is selling in San Francisco, with privileges to stockholders.

Chas. Green, of Rye valley, Baker county, has made another rich strike in his mine. The Green Quartz Mill is running on good rock.

Virtue's bank, at Baker City, has resumed, notwithstanding the predictions made by our correspondent, "Public Justice," to the contrary.

We are in receipt of the first number of the *Morning Call*, published at Albany by Messrs. Mauzy & Munkers. It is quite a newsy little sheet, and ought to do well.

The Baker City *Democrat* contains, details of a revolting *crim con* case occurring on Connor creek. The parties stand in the relation of uncle and niece to each other. The latter is a married woman.

Information wanted of George Coss. When last heard from he was in Roseburg, in June, 1873. Any one knowing of his whereabouts will confer a favor by writing to his son W. R. Coss, Silverton, Marion county.

The conduct of a sewing machine agent at Albany is suspected of being "crooked," from the fact that he has disappeared with a team and several machines and left his family destitute at home. The company's agents are in pursuit.

While Ike Banty, of Albany, was cutting a limb from a tree last Friday, and bending it nearly double to make it cut easy, the cut end of the limb flew back and striking Mr. B. in the face, cut a terrible gash in the upper lip, clear to the bone.

The fine bridge across the Santiam near Lebanon is progressing rapidly, and will be a masterpiece of mechanical skill and ingenuity. The completion of this bridge will add largely to the business interests of Lebanon, and her people are correspondingly happy.

Sheriff Tuttle, of Coos county, last Friday, delivered to the superintendent of the state penitentiary the following convicts: James Gibbons, sentenced ten years for manslaughter; William Edwards, convicted of murder in the second degree, sentenced for life.

The semi-annual election of the Hesperian Society took place at the Willamette University, with the following result: F. M. Johnson, president; J. E. Payton, vice president; D. P. Stouffer, secretary; W. Graves, treasurer; W. Rinehart, librarian; T. C. Jory, censor.

According to the United States census report of 1870 Lane county had in that year a population of 6,246; the census just completed by the county assessor gives us a population of 7,688, an increase in five years of 1,262. The increase from 1860 to 1870 was 1,646.

The man Whitman, whose name has been prominently before the public for some time in connection with a gross outrage on young Watkins, at Jefferson, has been arrested; and in default of $1,500 bail confined in the county jail at Salem. Watkins has just returned from Iowa, and it is said will prosecute his enemy to the bitter end.

At a regular meeting of the Concordia Society at the Willamette University, at Salem, the following officers were elected to serve the first half of the present school year: Annie Lawrence, president; Ellie McKinney, vice president; Mary Powell, secretary; Ella Mooney, treasurer; Laurena Marks, librarian; Emma Jones, censor.

The military authorities of the United States have named the lake in which the Wallowa river of Eastern Oregon, has its rise, Lake Whitman. This lake, though small, is picturesque and worthy of a distinctive name, and a more appropriate one than that given could not be found—Mr. Whitman being one of the early martyrs who was stricken down by the hand of savage cruelty while planting the crop of civilization in this western world.

The *Courier* says a young man, made some remarks that grated harshly on the ear of a justice of a peace at North Yamhill. The J. P. threw himself back on his dignity and remarked that as he was a peace officer he could not fight, but called his son John, who, by the way, we believe is constable, to take the fight off his hands and to give the young man a whipping. "My son John" made the attempt, but a few vigorous blows put John somewhat in the shape of a half shut jack knife.

The new Baptist church in Albany is being advanced quite rapidly. It is denied that the walls are weak. The brick wall for the basement room is eight inches thick, and every few feet there is a column in the wall twelve inches thick. In addition to this there are studdings 2x4 inches; placed from the base to the plates above, every sixteen inches, with a very strong iron rod through the entire building. All things considered, it is a very strong building.

The census of Lane county, just completed, shows the following summary of the enumeration of the inhabitants and industrial products of the county for the year 1875: Number of legal voters, 1,777; males 21 years and upwards, 1,798; males under 21 and over 10 years, 1,112; males under 10 years, 1,277; females 18 years and upwards, 1,577; under 18 and over 10 years, 764; under 10 years, 1,170; total population, 7,688. Acres of land in cultivation, 67,901; number of bushels wheat raised, 850,418; bushels of oats, 199,367; bushels of barley, 13,942; bushels of rye, 479; tons of hay, 10,036; pounds of wool, 103,575; bushels of corn, 4,958; number of sheep, 25,664; hogs, 9,491; horses, 5,321; cattle, 12,634; mules, 192; pounds of tobacco, 5,220; bushels of potatoes, 34,166; bushels of apples, 92,963; number feet of lumber, 3,567,215; pounds of cheese, 66,956; pounds of butter, 176,042.

The *Statesman* says: As the time approaches for the great exhibition of the Oregon State Agricultural Society, for 1875, workmen are busily engaged in preparing the grounds. New wells are being dug, old ones cleaned, and new pumps fitted, to secure, if possible, an abundance of good water. The executive committee have partially completed arrangements for sprinkling the road from the bridge near the factory to the fair grounds, and about the same; and in this particular, as in all others, no effort will be spared to make the occasion in every respect a pleasant one. The frame of the new grand stand has been erected, and the building will be finished by the contractor during the next ten days. New booths are about ready for business, and carpenters are employed on the new theater building. All the stables and pens have received a good covering of kalsomine, which gives the grounds, on entering the gates, a cheerful and thrifty appearance. Two weeks for preparation still remain, and in that time, with the force employed, the fair grounds within the enclosure will hardly be recognized by those familiar with the dilapidated buildings, filth and rubbish of former years.

WASHINGTON COUNTY FAIR.

Hillsboro, Sept. 24, 1875.

The weather clerk seems to smile upon the sons of man out in this Webfoot land, which bespeaks for us a week of good weather for our annual holidays.

ACTIVITY.

This morning, on entering the grounds, we found everything indicating great activity. The rubbing, scraping and galloping indicates a determination to make the contests of speed on Monday, the hottest of any yet seen on the society's grounds. The exhibition of blooded horses this year is certainly very flattering.

AUTOCRAT.

At 10 o'clock this morning the horse Autocrat was taken to the track and moved around at a three minute gait, in order that horsemen from different parts of the state might see his action. The greatest admiration and satisfaction were expressed by all. In answer to the question, "will Autocrat compete for any of the purses?" we answer "No." For these reasons: that the track is not in a condition to make time, that would do to place on record a second, to beat anything that is on the track now at a 3:40 gait would give the horse no reputation beyond what he has already; third, the purse in itself is no object. Mr. Reed's object is to assist in breeding up the stock in the state, and to make expenses from sales, and not by matching and speeding *for money only*. And we echo the idea that "there has been too much of this thing of walking over the track for the purses' sake, for the good of those really trying to build up the stock interests of the state." The horse will be shown to any that desire to see him.

FOSTER.

The horse Foster is looking splendid, and is admired by all lovers of beauty. Mr. Bigham has authorized us to state that the challenge published by W. W. Baker was done without his being consulted, and without his authority; that he (Bigham) prefers to run his own business, and govern his own actions; that should Mr. Coggan wish to match the horses he can see him at Hillsboro, or Salem, during the fairs. The horse may be taken out of the state after that time, and I suppose Mr. Bigham does not desire to be tied up by anything that would hamper his movements.

CHICKEN FIXENS.

We also took a spin around, among the eating establishments and candy fixens, and found them numerous. The most remarkable thing was the number of soda fountains. They are everywhere, ready to "squirt and sizzle" without the least warning.

The pavilion has been tastefully decorated, and presents a very neat appearance. Several tents are up, among which are the tents of Rockwell & Co., horse trainers; also sleeping tents, swings and dog shows, all of which go to make up a fair.

OUR HEADQUARTERS.

The DAILY OREGONIAN will be found on the grounds every day of the fair, at Mr. Handly's, corner east of the south entrance of the pavilion facing the track, where all orders will be promptly attended to; also at Mr. Jacob Anderson's, corner of new building at the entrance gate. At either of these places our patrons will not only find the freshest morning news, but the freshest soda and nick-nacks for the inner man. The OREGONIAN will have, upon the grounds, good and efficient reportorial corps, and its columns will contain full and complete reports of each day's doings, as well as all the telegraphic dispatches published in the state, with full and accurate commercial reports, both at home and abroad, in relation to our grain products, so that we may have time to look to this matter as we move along.

THE TERRITORIES.

Port Gamble has a "staving" good cornet band.

Caleb Lyon, ex-governor of Idaho, died in Rossville, Long Island, on the 7th of September, aged 53 years.

The weather turned off quite cold at Silver City, Idaho, last week, and gloves and overcoats were brought into use. The change is earlier in the season than usual.

The election on the wharf question at Olympia on Thursday of last week resulted in a vote of 132 in favor of levying a tax to build a wharf to deep water, to 5 against it.

Last week Mr. Andrew Chambers, near Olympia, lost over thirty head of sheep, killed by a bear. On Thursday a number of hunters with dogs went out to the prairie, but failed to get the bear.

The United States surveying schooner *Fauntleroy*, with her steam tender, the *Lively*, sailed down to Port Ludlow a few days ago. Having finished the harbors of Seattle and Port Blakely this summer, she will conclude the season with Port Ludlow, being occupied there about four weeks, and working up the Sound.

The following is a list of officers elected at the meeting of the Grand Lodge A. F. & A. M. for Washington Territory: Dr. T. T. Minor, Port Townsend, G. M.; O. P. Lacy, Walla Walla, D. G. M.; R. C. Hill, Whidby Island, S. G. W.; Dan'l Frost, Kalama, J. G. W.; Benj. Harned, Olympia, G. Treas.; T. M. Reed, Olympia, G. Secretary.

The oiling season is now at its full height at Neah Bay. Already about 3,000 gallons have been taken. A large portion of this oil is brought over by the Indians of Vancouver Island, and sold to the trader at Neah Bay, who pays a duty of seven cents on each gallon. It is expected that at least 5,000 gallons will be taken this season, and considering the late advance in the price of oil this must be a paying business.

The Daily Oregonian.

MONDAY MORNING, SEPTEMBER 27, 1875.

GONE TO THE WALL.

Although fame, in its ultimate analysis, appears to be about as unsubstantial a bubble as any other for which men strive, still it is universally regarded as a legitimate object of ambition. It must, therefore, be exceedingly pleasant for a poor mortal to be able to reflect that he has reached an elevation and dignity among his fellows which will place his portrait, after he is gone, among those of his country's great men. Nothing less than this has Mr. Columbus Delano, Secretary of the Interior for the United States, accomplished. Already, if the Washington dispatches are to be credited, his picture has gone to the wall. We say if the dispatches are to be credited; because the event which is reported as the immediate occasion of his picture being displayed, to-wit: his official decease, has been announced so many times heretofore, only to be contradicted by the next day's news, that it is not safe to predicate unquestionable veracity of anything that may be stated on that subject, unless it be a statement that he hangs on. The dispatch which this time consigns Mr. Delano to private life and enduring fame, is a special to the New York *Post*, which fact entitles it to somewhat more credence than if it were to the *Sun*, which generally receives messages of that sort before any of the rest of the papers, and it gives the information with such particularity of circumstance as makes it appear not likely to prove groundless. There is no man now about the national capital, or due there, whose picture the people would more delight to place upon the walls of the building through whose doors he has been wont to go in and out, than Mr. Delano's, that act being the conventional style by which it is known of all men that there is henceforth to be *ex* prefixed to the name of the person who receives the honor. Taking the desperate chances with respect to the correctness of this dispatch, we congratulate the people upon the announcement that Mr. Delano's portrait is on the wall, and he is an *ex*-Secretary of the Interior.

After the above was written the text of Mr. Delano's letter of resignation and of the President's reply reached us, leaving no doubt of the correctness of the *Post's* information. The letter of the Secretary is a very remarkable production considering the occasion. Why he should deem it necessary to inform the President of so many circumstances connected with his official connection with the latter it is not easy to perceive. Possibly he may know of the existence of some facts tending to make the President's memory a little treacherous, or something of that sort, rendering it necessary to go over the whole ground with him as if he were a stranger to circumstances to which he was in fact a party. We hardly believe that, however. It is more likely that the letter was written not for the President, but for the country and posterity. Accepting that theory, we accept also our share of the letter, and retract here and now anything we ever said of the Secretary that was not complimentary—if we ever said anything of that kind, which we can not now recollect doing. Mr. Delano has been the best Secretary of the Interior this country ever had. He says so himself, and surely he, of all persons, ought to know.

THE CHICAGO CUSTOM HOUSE.

That bone of contention, the Chicago Custom House, is reported on again. The last commission say it is not so bad a job as it has been represented to be nor so good a one as it ought to be. The first board found that its foundations were unsafe, its material wanting in strength and durability, and its architecture objectionable in many respects. They therefore recommended that it be razed to the ground, its foundations pulled up and the whole structure commenced over again *de novo*. The second board, which was got up by Chicago to counteract the report of the first, found that the first did not know what it was about, and demonstrated on scientific principles that the building was defective only in some trifling particulars, and that with little expense it could be made all that could be desired. If this commission did not accomplish all it wished, it caused the report of the preceding one to be set aside and opened the subject for re-examination by the authorities at Washington, which resulted in the appointment by the Secretary of the Treasury of the board of whose report a synopsis is presented in the dispatches we publish this morning. Despite the "compressible" character of the earth for some twenty-five or thirty feet between the bottom of the foundation and the solid stratum below, and despite the fact that the stone of which the building is constructed is not so good an article as might have been got for less cost, and despite the fact that the exposure of a single Chicago winter caused a "dangerous crack" in the structure, the last board have concluded that the building is good enough for the purposes of its erection, or can be made so by following the recommendations they make as to its future treatment. The chances are this report is just about right. The commissioners seem to have given the subject a pretty thorough investigation and their report is an intelligible document. At any rate, the millions of money sunk in Chicago made in building this structure can not be restored to the treasury of the people by pulling it down, and the best thing to be done, now that it is so nearly completed, is to finish it up in as economical a manner as practicable and use it till its compressible foundations go down to hard pan, leaving the next generation to attend to the erection of the building that is to mark the Chicago town site after time and Darwin shall have gathered the present race of American mound-builders to its fathers.

HAZING.

Lafayette College at Easton, Pennsylvania, is having a time with its students. The Sophomore class, numbering seventy-five, a few nights ago turned out in masks and white gowns for a spree. They first paraded the College campus and the streets of the town, with torches and horns, and made the night hideous with all manner of diabolical noises. Then they broke open the doors of the rooms of four of the professors and several other rooms in the College, in search of freshmen. Next they proceeded to search the boarding places of freshmen about the town, raising Cain wherever they went. The Professors sallied forth on a tour of public duty and succeeded in capturing four or five of the hazers, who were next morning indefinitely suspended. Two of these started home immediately after this action, and the rest prepared to depart the next day. These last were carried to the depot by their classmates in a barouche drawn by four white horses, after being escorted through the streets of Easton by a cornet band. The whole Sophomore class attended them to the train where they together sang "The Girl I Left Behind Me," and "Home, Sweet Home." Then the class unanimously adopted and presented to the faculty a request that they be dealt with the same as if they had been captured with their comrades. This, it was supposed, would be too big a job for the faculty to undertake; but the obstreperous youths soon found they had overshot the mark. Their names were taken up, one by one, till the whole class were suspended. The matter of course created quite a sensation, but the local paper and the community take the side of the faculty, and the other college classes to take no interest in the troubles of the sophs. The discipline may be a severe one for the college as well as for the boys, but it could not be avoided without the unconditional surrender of one party or the other, and the faculty have announced a determination which should be adopted by every college in America, that is, that the brutal custom of hazing must be stopped at any cost.

THE SITUATION IN YAMHILL.

A gentleman who has been through Yamhill county lately informs us that there is somewhat more interest taken in the congressional contest there than in other sections of the State with which he is acquainted. Warren is very popular in his own county, and it is claimed he will carry the county by a majority over all the other candidates. It is conceded, of course, that a vote for either Mr. Whitney or Mr. Dimick is in practical effect a vote for Lane, and hence many who would vote for one of those gentlemen under other circumstances, will vote for Warren. The Democrats do not support Mr. Lane with as perfect unanimity as they would some other men of their party, and Warren will, it is alleged, receive quite a number of votes from that quarter. Mr. Whitney and Mr. Dimick are both considered excellent men, but in that they have no advantage of Warren, who has the further advantage of being the only man who has any chance of success.

THE BAKER CITY BANK.

From private sources, as well as from the Baker City papers, we are in receipt of information to the effect that the affairs of Mr. Virtue's bank which suspended some time since, are not in such bad condition as was at first reported. The creditors after investigating the case, are satisfied that there is nothing in connection with the failure which should in any degree shake the confidence of the public in Mr. Virtue. The following official report of a meeting of the creditors speaks for itself:

Pursuant to notice the creditors of J. W. Virtue met at Cleaver's Hall, in Baker City, on the 18th day of September, 1875. R. Beers was elected chairman and L. B. Ison secretary of the meeting. Daniel Smith presented a plan for the collection of the assets and for their distribution among the creditors. The plan was adopted and ratified by all the creditors signing the same, and under said plan Mr. Virtue resumes business. Pursuant to the provisions of the plan for liquidation Messrs. C. M. Foster and W. J. VanSchuyver, assignees, and A. P. Weller, Daniel Smith and L. B. Ison were elected as an executive and advisory committee. On motion the following resolution was adopted unanimously: That we, the creditors of J. W. Virtue, having examined his statement of assets and liabilities and into the nature of his business transactions generally, are fully satisfied that all his liabilities will be fully liquidated under the management this day made; that we have full confidence in his honesty, integrity and business capacity; and in his resumption of business recommend him to the confidence of the people.

R. BEERS, Chairman.

L. B. Ison, Secretary.

The news from the seat of the Turko-European troubles is interesting. The Consuls failed in their efforts to mediate a peaceful adjustment of the difficulties. The insurgents ask guaranties from the mediating powers which can not be given without the consent of Turkey, and which, if given with her consent, would place the Empire in the keeping of the western nations. This will hardly be done voluntarily by the Sultan and the Porte, and it is not likely to be forced by the mediating powers, as the question of position which lies at the bottom of their eastern policy has not yet been satisfactorily arranged among themselves. Meanwhile the Herzegovinian refugees in Austria protest against any settlement that does not include their complete liberation from Mohammedan subjection. The cloud that overhangs the Ottoman Empires widens and thickens and darkens.

A telegram says eminent medical gentlemen are visiting Charles Fisher, late Assistant District Attorney for the District of Columbia, at his prison, for the purpose of ascertaining whether he is not insane. We have seen no account of Fisher's doing anything to indicate insanity, unless it be his corrupt practices in office and his stealing important papers when he retired, with the object of making money out of them. We should think the officials of the District generally would be very much alarmed by the proposition that a man is to be sent to the insane asylum on that sort of evidence.

The first number of the *Pacific Coast Thoroughbred Stock Journal and Record*, published in this city by W. W. & F. C. Baker, has been placed on our table. It is a large paper, having, besides its advertising columns, 20 pages of three columns each, and is well filled with reading matter of interest to stock men. Such a journal has been greatly needed in Oregon, and, now that it has been presented, should receive liberal patronage. It will be issued once a month at $2 50 per annum.

SNAG PULLER—NEW MACHINERY.—From an exchange it is learned that in consequence of the government snag boat requiring new timber to be put in her so as to better prepare her for future work, General Michler has decided not to have the engine and machinery put in until the season for this year closes. She will be entirely overhauled and specially arranged for the work intended and be in readiness to commence operations early next year. Messrs. Smith Bros. are pushing with vigor work upon the engine, boiler, etc., to be put into the boat. The engine is horizontal and is 6 by 12, with an upright boiler. It is to be placed on deck. The engine is to be attached to the boiler on a solid iron frame. The manner in which the whole thing is to be worked is given as follows:—The engine turns a cog wheel 12 inches in diameter, that mashes into another cog wheel of 5 feet diameter, which in turn, turns a shaft, upon each end of which is a bevel pinion. The bevel pinion mashes into two bevel wheels each three feet in diameter. These bevel wheels being attached to two capstans—one on each side of the boat—turn the same. To the capstans are to be attached the ropes or chains to be used in pulling out snags. The machinery is so arranged that both of the capstans can be used at one time or if desired only one. One of the capstans turns, when in motion, very rapidly, while the other turns slowly. The former is to be used in pulling out snags easily handled, while the latter is to be used for pulling out more difficult ones.

LIST OF PASSENGERS.—The O. S. S. Co.'s steamship *Oriflamme*, which sailed on Saturday from San Francisco for Portland, brings the following passengers: J. W. Ackerson, Mrs. N. F. Creitz and two children, Mrs. C. Whitney and two children, M. Barrett, T. Shortell, L. Weeks, Mrs. Capt. Carter and child, Mrs. R. E. Bowen, Mrs. C. Lewelling, Mrs. Pandsell, Mrs. N. Cooper, Capt. J. E. Egan, U. S. A., J. Fullerton, J. B. Underwood, Dan Smith, Mrs. J. Montgomery and child, F. Goodnough, C. L. Kinman and family, G. F. Wilson, J. Bloom, C. H. Kaiser, C. M. Wood and family, J. Anderson and wife, J. C. Harding, James Casey, J. A. Martin and family, J. G. Megler and wife, T. Tyrell and wife, Miss E. Smith, Dr. J. C. Hawthorne, Capt. C. E. Fay, J. Durheimer, P. Selling, P. R. Eves, A. E. Wills, M. K. Cohen, J. F. Garland, W. G. Thompson and two sons, Mrs. S. Sharp and two children, C. L. Suksdorf and wife, R. Hayes and wife, C. Borland and wife, M. B. Wave, C. Hays, E. Hays and wife, G. LaRocque, J. Davis, E. Payson, A. Nippert, J. O'Connor, J. O'Harra.

A NOVA SCOTIAN COLONY.—Capt. Publicover, a gentleman from Little Kanso, Nova Scotia, is now in San Francisco and will soon arrive in this city. He comes, we understand, for the purpose of looking at the country and more particularly the salmon fishing interests of the state. Capt. Publicover was sent out, or rather comes as an agent, for a large colony residing in and about Little Kanso. The persons composing the colony are engaged in the codfishing business, and having heard for several years past of the wonderfully increasing salmon fishing traffic, they think seriously of immigrating to these shores. The agent will make a careful examination of the several fisheries on the Lower Columbia, and report his conclusions to the persons in whose interest he came here. If his report is at all favorable, 30 or 40 families will soon be on the way to this state. We cheerfully welcome all such valuable accessions to our resident population.

A TYPO LAW STUDENT.—Mr. John Michell, who has held a position in this office as a "comp" for the last three years, takes his departure this morning for Tacoma. At that point he will embark on the steamer bound for San Francisco, from which place he expects soon to depart for the east. Mr. Michell has chosen for his future profession that of the law, and his object in going east is to pass through the prescribed course of reading and lectures at the University at Ann Arbor, Michigan. He will be absent about two years. His many friends—members of the "craft," especially—wish him all possible success in hewing his way to fame and fortune.

FOURTH-STREET BRIDGE.—Workmen have been employed for some time in making needed repairs to the high railroad bridge on Fourth street, which spans Marquam's gulch, and that structure is now said to be in as staunch and safe condition as at any time since it was first constructed. Many of the old and decayed sills have been removed and new timber substituted. Braces have been placed in different portions of the bridge, and the entire structure strengthened throughout. The traveling public will be pleased to learn that the bridge, which has long been considered unsafe, is now as secure as it is possible to make it.

GONE EAST.—Dr. Jones, late of the U. S. A., took his departure on the outgoing steamer last Saturday, en route for New York. He goes East for the purpose of submitting to a critical surgical operation for the benefit of his hearing. For some years the sense of hearing in one ear has been quite defective, which, to a considerable extent, interferes with his practice as a physician and surgeon. Dr. Jones is strongly in hopes of regaining his hearing by undergoing an operation. He will place himself under the treatment of the most skillful practitioner in New York. He will be absent from the city about two months.

ATTEMPTED SUICIDE.—A gentleman who came down from Aurora on Saturday informs us that just before the train left for Portland a man came hurriedly for the doctor whose services were required to save the life of a woman who had taken strychnine with suicidal intent. How severe a case it was we were unable to learn as the runner started for the physician as soon as it was known, and the fear was that fatal results would follow quickly. We could not learn further except that the victim was a married woman, living on the east side of the railroad, four miles north of Aurora.

DESTRUCTIVE FIRE REPORTED.—We learn that during Friday afternoon a destructive fire passed over a portion of Powell's valley, and destroyed a considerable amount of property. Some persons were engaged in burning brush, when a wind arose and the fire got out among the timber, and was soon beyond all control. We have not been able to ascertain the precise extent of country traversed and damage sustained by reason of the fire, but it is said to have been considerable. One man is reported to have lost about $1,000 worth of grain and hay. Full particulars will doubtless be obtained to-day.

FRUIT DRYING COMPANY.—The directors of the Fruit Drying Company met on Friday and organized by the election of H. Hanson, president; Cyrus Buckman, vice president; C. M. Wiberg, treasurer; John S. Newell, secretary, who will also act as superintendent. The company propose to employ girls and women, if such help can be had, and any persons desirous of obtaining employment will find it to their advantage to call at the drying house on Monday or Tuesday. Employment will be given to from 25 to 30.

TELEGRAPHIC MATERIAL.—A box filled with battery jars and telegraphic material was received on the last steamer, directed to Chief Engineer Hallock. This material is to be used whenever and wherever necessary to keep the present fire alarm system in good working order. It came from the Fire Alarm Telegraph Construction and Maintenance Co., San Francisco, in accordance with the conditions of the contract between the company and the common council.

SUPPER AND FESTIVAL.—The members and friends of Hall street M. E. Sunday school will hold a festival and reunion at their church on Tuesday evening, September 28th, commencing at 7:30 o'clock. The admission will be free. There will be fresh oysters in abundance, also ice cream for those who prefer it. As the proceeds are to be expended in liquidating the indebtedness against the school it is hoped the friends will turn out and fill the chapel to overflowing.

WHEEL REBUILT.—Since the accident to the wheel of the W. R. T. Co.'s steamer *Champion*, last week, between Oregon City and Portland, a large force of carpenters have been busily engaged in repairing the damage. The wheel was so badly smashed up that it was found necessary to build a new one. The new one is almost finished and the steamer will be ready for service by to-morrow.

The wheel was so badly smashed up that it was found necessary to build a new one. The new one is almost finished and the steamer will be ready for service by to-morrow.

DEER HUNT IN YAMHILL.—L. P. W. Quimby, wife and children, Mrs. Dan. Foster, Col. West and daughter, C. H. Perkins, T. J. Robinson, of East Portland, Jack Knott, H. T. Bingham, Mr. Emeric, Mr. Gaunt, Mr. Gigher and Uncle Butts started out one week ago last Friday up the Scoggin creek. The success has been flattering. Some 10 or 12 large deer have been captured and any amount of fish have been caught. Mr. Quimby has a first-class hotel on Scoggin creek, some five miles from Gaston. Mrs. Quimby and Mrs. Dan. Foster do the cooking, and a better meal cannot be had in Yamhill county. C. H. Perkins and T. J. Robinson returned home last Friday with two fine bucks.

SURVEYING PARTY RETURNED.—After an absence of two months from the city, Mr. Stone and George H. Cradlebaugh, returned on Friday, having completed a large surveying contract. These gentlemen and their party traveled over 400 miles and reported having experienced a busy time. During most of the time very hot weather was experienced. Their contract was located near the boundary line of Oregon and Idaho Territory.

THE OREGONIAN AT HILLSBORO.—Our special reporter, assisted by the regular Hillsboro correspondent of the OREGONIAN, will be present during the progress of the Washington county fair, and full reports of the fair may therefore be anticipated by our readers. Those in attendance at the fair will find the OREGONIAN for sale on the grounds by energetic newsboys immediately after the arrival of the morning trains.

CHURCH NOTICE.—Divine service will be held on Wednesday evening next, the 29th inst., in St. Stephen's chapel, beginning at half-past seven, on which occasion the Right Rev. Bishop Morris will administer the apostolic rite of confirmation. Persons wishing to partake of that holy rite will please communicate with the Rev. John Rosenberg before the time. Seats free.

WEATHER REPORT.—From the records of the U. S. Signal Station of Observation, Portland, Oregon, September 26, 1875:

	7 A. M.	2 P. M.	9 P. M.
Thermometer	53°	71°	59°

ANKLE SPRAINED.—A young gentleman of this city, while out driving yesterday along the macadamized road, met with a severe accident. The animal took fright, ran away and threw the driver violently out, spraining his ankle in a painful manner. The injured limb will probably confine the young man to the house for some time.

TURNED UP.—We learn from a private letter that the James Coyle advertised for in the OREGONIAN some days ago, made his appearance in Kalama on Saturday last. The man of that name, mentioned as having died at the Port Townsend hospital in 1873, is certainly not the person sought for, judging from the tenor of the letter before us.

HOSPITAL MEETING.—The officers and members of the Good Samaritan Association, and all others interested in the Good Samaritan Hospital, are respectfully invited to attend a meeting at Trinity chapel, Fifth and Oak streets, on Tuesday evening, the 28th, at 7½ o'clock.

LECTURE.—Dr. York gave his concluding lecture under the auspices of the Liberal Association at Oro Fino Theatre last evening, which was well attended. The members of the association purpose to give him a benefit at Good Templar's Hall next Wednesday evening.

REQUESTED TO ATTEND.—The members of the prayer league are requested to attend the funeral obsequies of the late Jane Pierpont, whose sudden death is chronicled elsewhere. The funeral will take place to-day, at 2 o'clock P. M., from the A. M. E. Zion Church.

BRIEF NOTES.

Saurday was a scorcher.

Now is the time to repair roofs.

Ho! for the Washington county fair.

Take time by the forelock and lay in a supply of winter fuel.

One of Hall's safes will be placed in the U. S. collector's office to-day.

The addition to the insane asylum is now being roofed and boarded up.

Only one dollar by rail to and from Hillsboro during the present week.

Counterfeit half dollars in circulation. Keep a vigilant optic open for 'em.

The frame for the hull of Capt. Buchanan's new steamer is ready to receive the plank.

During the present month the police court is being well patronized. Already 106 arrests have been made.

The steamer *Tenino*, which ran on a hidden rock last week and was sunk, has been raised and the damages repaired.

United States circuit court will convene this morning at 10 o'clock. To morrow, the U. S. district court will meet.

Mr. Limmeroth, the florist, has sodded the north side of the custom house block, which makes a decided improvement.

The Hebrew new year will occur Thursday, 30th inst. The stores of our Jewish merchants will be closed on that day.

A number of patients under treatment at the asylum have been dismissed during the last 10 days, having been restored to health and reason.

Col. McCraken is having an engine constructed, which will be used in hoisting cargoes and ballasts from vessels moored at his wharf.

We are informed that several wells in East Portland have become dry from some cause, thus occasioning no small annoyance to the owners.

A series of religious meetings are being held now at Astoria, in which several laymen connected with the Y. M. C. A. of this city are assisting.

Yesterday the steamer *Willamette Chief* went down the river, having in tow the barge *Columbia's Chief*. Both vessels were loaded with grain.

There are 52 scholars in attendance at the Baptist Mission Sabbath School, East Portland. A library connected with the school contains 150 volumes.

A longshoreman, while engaged in discharging ballast from the American ship *McNear*, fell head first down the hatchway, receiving a severe cut on the forehead.

We would suggest that the official in charge exercise such precaution as to prevent the disfigurement of the most exposed places in the vestibule of the postoffice particularly.

The palatial residence of Hon. H. W. Corbett is approximating the finishing strokes. The building, when completed, will be one of the finest and best arranged residences in the city.

Capt. Douglas' new ferryboat, to ply between Albina and Portland, made her maiden trip on Saturday. Everything worked like a charm. Regular trips will be made in a few days.

A most singular looking bird is now on exhibition at Ruffety's drug store, East Portland. In form and character of plumage the species closely resembles a cross between a thrush and robin.

The rooms recently leased by the Y. M. C. A. in Gilman's block will be ready for occupancy during the present week. A sum sufficient to pay the rent for one year has been raised.

Mr. L. Kiernan, the East Portland florist, has an evergreen blackberry vine, called Kiernan's evergreen, which is still bearing and will continue to bear until the frost kills the flowers. The vine and leaves remain green during the coldest weather. The flavor of the berries of the vine is superior to any we have ever tasted.

THE TURF.

Mr. John Taylor, who brought the nimble footed "Osceola" to this State and for a long time was the keeper and trainer of that animal, telegraphs us as follows from Sacramento under date of the 26th: "I shall start on Saturday with the race horse 'Twenty-One' for Salem to attend the State Fair." The animal mentioned has a good record in California, and he will probably make it tropical for some of our Oregon horses.

Before going to Hulsboro drop in at Fabre & Barnes' for a cup of coffee.

FOUND DEAD.

About 6 o'clock last Saturday evening, an aged woman named Mrs. Jane Pierpont, was found dead lying in her bed in a house at the corner of Yamhill and East Park streets. Coroner Wetmore was soon after notified of the discovery which officer proceeded at once to the house and summoned a jury. During the inquest which followed it was ascertained that deceased was aged 52 years. Her husband left here about one year ago, and has since taken up his residence in England. Deceased has two daughters living in the city—both young women, aged respectively 16 and 18 years. These young ladies have been employed in working in different families, and thus their united earnings supported the mother. For a month prior to her death, Mrs. Pierpont had resided in the house where her lifeless remains were found. It is supposed that she died sometime during Friday night, though it is not positively known, as she was living alone at the time. Mrs. A. B. Smith, wife of the pastor of the A. M. E. Zion Church, was visiting Mrs. Pierpont on Friday evening, and did not take her departure until about 9 o'clock. When she left, Mrs. Pierpont appeared to be enjoying usual good health. During Saturday, the doors of the house were kept closed and window curtains down. Mr. Smith, who lives near by, noticing the deserted appearance of the house, thought something was wrong. He knocked at the door repeatedly, but elicited no response. He then looked in at one of the windows but could discover nothing. Still thinking that all was not right, Mr. Smith spoke to Judge Strong about it and expressed his suspicions. Both men then went to the house and forcibly opened the door, and on entering the bed chamber were horrified to find the woman lying on the couch stark and lifeless. Apparently Mrs. Pierpont had died without a struggle. She was subject to severe and spasmodic attacks of asthma, and it is supposed she was suddenly seized with the disease and smothered. Everything about the house was found in neat and perfect order.

After hearing the evidence of several witnesses, the jury returned the following

VERDICT:

We, the jurors summoned by J. A. Wetmore, coroner, this 25th day of September, to inquire into the cause of the death of a female found dead in the house where we are now sitting, corner of Yamhill and East Park streets, in the city of Portland, in the county of Multnomah, having examined the body, and heard the testimony of W. B. Cardwell, a practicing physician and surgeon, Jane Clay, William Strong, A. B. Smith, Emma, Smith and Annie A. Pierpont, do find: first, the name of the deceased is Jane Pierpont; second, she came to her death from natural causes. Wm. Strong (foreman), D. W. Williams, N. Ingersoll, John Catlin, Donald McKay, R. S. Henley.

CAPITAL NOTES.

Hon. Smith Kearney, of Washington Territory, is a guest at the Chemeketa hotel. His numerous friends are giving him a cordial welcome.

It's our worthy school clerk, L. F. Williams, who is "happy daddy" this time. It's a girl, average weight, and made its appearance Friday night. Next.

Load after load of wheat is coming into market. The ruling price is, we believe, about 90 cents per bushel. But little is being sold, however, the greater portion being stored away in various warehouses.

Rev. J. W. Compton, pastor of the M. E. Church, South, has been transferred to Grand Round, in Umatilla county, and Dr. N. M. Skipworth appointed presiding elder of this district and pastor of this charge.

Whiteman's preliminary examination took place this morning, before H. A. Johnson, J. P. He was bound over under $1,000 bonds to await the action of the next grand jury on a charge of an assault with a deadly weapon.

WASHINGTON COUNTY FAIR.

Our regular correspondent furnishes the following under date of September 25th:

People are pouring in from every direction, the stands are fast filling up, and already the grounds present a fine appearance as well as a lively one. Swings and small shows are pouring in thick and fast. Everything seems to be hurry and confusion.

The exhibits of live stock to-day will exceed any yet ever had on the grounds.

The new and substantial buildings are an honor to the society, and add materially to the appearance of the society's grounds as well as the comforts.

The entrance to-day will be Norway, Scoggin's Mowich, a gray horse from Yamhill, and Bybee's Nameless. All horsemen say the race will be the hottest of any of the season.

The track is in splendid running condition. The sprinklers are keeping the dust laid, and everything bids well for the best fair in the county.

THE COURTS.

STATE CIRCUIT COURT—SHATTUCK, J.

SATURDAY, Sept. 26, 1875.

Priscilla Carter vs Catharine Tomlinson et al; complaint dismissed without prejudice.

Emma Miller vs P. Heurot; cause dismissed.

Barney Trainor vs James Dolan; exceptions to report of referee overruled and report confirmed.

Louis Nicolai vs S. M. Lyon; plaintiff allowed to file a reply on payment of $5 and the costs of the motion.

David A. Johnson vs Harriet A. Johnson; decree of divorce.

A 2 o'clock P. M. the court was still in session, but it was understood that when it adjourned it would adjourn for the term.

POLICE COURT NOTES.

A man named Brown was fined $5 for indulging in a "jamboree," and in default committed to jail for three days.

Cowley was drunk, and Cowley was fined $10. Impecuniosity was what troubled him, and he takes prison fare for five days.

McGugan, for getting drunk and conducting himself in a disorderly manner, was fined $5. "Mac" defaulted and was committed for three days.

S. Jourden mixed too much ardent with his water, and was called upon to answer a charge of drunkenness. "Five dollars or three days," was the terse sentence of the court. Defendant chose the former alternative, and no longer gazes wistfully out between bars.

G. W. Walling & Son, Willamette Nursery, will be prepared to take orders for fruit trees, at the Hillsboro fair and also at the state fair.

The office and warerooms of the Oregon Furniture Manufacturing Company have been removed to their new building, First and Yamhill streets.

The first invoice of fall and winter goods arrived on the last steamer and are now arranged in order so that JOS. KOHN'S numerous customers can call and see all that is new and attractive in the clothing line. The styles displayed are the very latest in the market and must prove quite saleable. Fresh arrivals every steamer, selected expressly for the trade by Mr. Kohn, who knows just what will please his patrons. Call to-day and make your purchases.

PERSONAL.—Mr. M. Rosenblatt, of 79 Front street, returned last evening on the *John L. Stephens*, from San Francisco, with a large stock of Clothing, etc., for gentlemen and youths. His stock is worthy of inspection by all who desire a first class article. Be sure and call on him, and recollect the number.

BETTER THAN GOLD.

Better than grandeur, better than gold,
Than rank and title a thousand fold,
Is a healthy body, a mind at ease,
And simple pleasures that always please;
A heart that can feel for a neighbor's wo
And share his joys with a genial glow,
With sympathies large enough to enfold
All men as brothers, is better than gold.

Better than gold is a conscience clear,
Though toiling for bread in an humble sphere;
Doubly blest with content and health,
Untried by the lust of cares or wealth,
Lowly living and lofty thought
Adorn and ennoble a poor man's cot;
For man and morals, or Nature's plan,
Are the genuine test of a gentleman.

Better than gold is the sweet repose
Of the sons of toil when their labors close;
Better than gold is the poor man's sleep,
And the balm that drops on his slumbers deep,
Bring sleeping draughts to the downy bed,
Where luxury pillows his aching head;
His simpler opiate labor deems
A shorter road to the land of dreams.

Better than gold is a thinking mind
That in the realm of books can find
A treasure surpassing Australian ore,
And live with the great and good of yore.
The sage's lore and the poet's lay,
The glories of empires past away;
The world's great drama will thus enfold
And yield a pleasure better than gold.

Better than gold is a peaceful home,
Where all the fireside charities come;
The shrine of love and the heaven of life,
Hallowed by mother, or sister, or wife.
However humble the home may be,
Or tried by sorrow with Heaven's decree,
The blessings that never were bought or sold,
And center there, are better than gold.

HUMOROUS.

Nonsense has been described as sense that differs from one's own.

Why didn't the dog want a place in the ark? Because he had a bark of his own.

When a man has a house lot on which he cannot pay the taxes he has a site too much.

Why is a compositor like a cripple? Because he can't get on without a stick.

"I say, Pat what are you about—sweeping out the room?" "No," answered Pat; "I am sweeping out the dirt and leaving the room."

A lady who asked her lover if he would like to see the lambs feed, was surprised to hear him say he had rather see her eye brows(e).

"Every tree is subject to disease," said a speaker in a Fruit-Growers' Convention. "What ailment can you find on an oak?" asked the chairman. "A-corn," was the triumphant reply.

A man lately learned what it was to have insult added to injury. In being first scared out of his wits by his horses running away with him, and then arrested and fined for driving at an illegal rate of speed.

A lady correspondent, who assumes to know how boys ought to be trained, writes as follows: "Oh, mothers! hunt out the soft, tender, genial side of your boy's nature." Mothers often do—with an old shoe.

Give a boy a market-basket of groceries to carry home and he will swing it across his spine, bend half way to the ground and groan with agony, but give him that weight of base-ball bats and he will skip along as merry as a potato bug in a ten-acre lot.

A brilliant young gentleman remarked the other day, to a lady with whom he was bowling ten-pins, "I think, miss, that you would have made a capital baker." "Indeed, sir! Why?" "Because you make such excellent rolls."

"Why do they call the people that live in some of the South Sea Islands cannibals?" asked an old man of a sailor. "Because they live on other people," answered the sailor. "Then," said the old man, "my sons-in-law must be cannibals for they live on me."

FINANCE AND COMMERCE.

Financial.

SATURDAY EVENING, Sept. 25, 1875.

Gold Bars 750 par.

There are evident signs of improvement in our local finances and the fact that confidence is a plant of slow growth, though manifest in the gradual resumption, by business of the old channels, is giving the trades people a good deal of hope for the future, notwithstanding the present somewhat discouraging circumstances of some branches of trade.

As collection day approaches there is a temporary hoarding of coin in all directions, to meet the liabilities of the ordeal. As a result, there is a tightening of the money market every month, for this purpose. When the supply of coin is limited, as has been the case during the past month, the pinch is all the more keenly felt, and the question has often been suggested whether the evil does not more than offset the good. The only substitute would be the introduction of the note system, which prevails throughout the Atlantic states. The effect of this would be to graduate the payment of bills throughout the month, and do away with the necessity of storing funds in large amounts to meet periodical payments. Another effect would be to utilize a large amount of idle capital now represented in book accounts. The subject is worthy of consideration, and the present is a good time to take the matter in hand.

During the month of August, Oregon shipments of specie to San Francisco embraced $56,400 in gold coin, and $50,000 in gold dust, making a total of $106,400 against $70,400 for the same month last year. The total shipments for the first eight months of the year compare as follows:

	1871.	1875.
Gold coin	$380,000	$610,000
Gold dust	377,600	247,400
Total	$757,600	$857,400

To-day has witnessed but few important transactions in financial or commercial matters. The harvest being about closed, we may soon expect a more animated state of the produce market, and should prices, which are unchanged to-day, favor, the movement will be brisk and large during the coming month.

POND'S EXTRACT

"Hear, for I will speak of excellent things."

POND'S EXTRACT—The great Vegetable Pain Destroyer. Has been in use over thirty years, and for cleanliness and prompt curative virtues cannot be excelled.

CHILDREN. No family can afford to be without Pond's Extract. Accidents, Bruises, Contusions, Cuts, Sprains, are relieved almost instantly by external application. Promptly relieves pains of Burns, Scalds, Excoriations, Chafings, Old Sores, Boils, Felons, Corns, etc. Arrests inflammation, reduces swellings, stops bleeding, removes discoloration and heals rapidly.

FEMALE WEAKNESSES. It always relieves pain in the back and loins, fullness and pressing pain in the head, nausea, vertigo.

IN LEUCORRHŒA it has no equal. All kinds of ulcerations to which ladies are subject are promptly cured. Fuller details in book accompanying each bottle.

PILES—blind or bleeding—meet prompt relief and ready cure. No case, however chronic or obstinate, can long resist its regular use.

VARICOSE VEINS. It is the only sure cure.

KIDNEY DISEASES. It has no equal for permanent cure.

BLEEDING from any cause. For this it is a specific. It has saved hundreds of lives when all other remedies failed to arrest bleeding from nose, stomach, lungs, and elsewhere.

TOOTHACHE, Earache, Neuralgia and Rheumatism are all alike relieved, and often permanently cured.

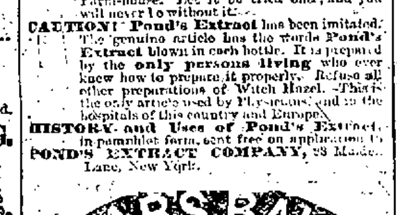

PHYSICIANS of all schools who are acquainted with Pond's Extract of Witch Hazel recommend it in their practice. We have letters of commendation from hundreds of Physicians, many of whom order it for use in their own practice. In addition to the foregoing, they order its use for Swellings of all kinds, Quinsy, Sore Throat, Inflamed Tonsils, simple and chronic Diarrhœa, Catarrh (for which it is a specific), Chilblains, Frosted Feet, Stings of Insects, Musquitoes, etc., Chapped Hands, Face, and indeed all manner of skin diseases.

TOILET USE. Removes Soreness, Roughness and Smarting; heals Cuts, Eruptions and Pimples. It revives, invigorates and refreshes, while wonderfully improving the Complexion.

TO FARMERS—Pond's Extract. No Stock Breeder, no Livery Man can afford to be without it. It is used by all the leading Livery Stables, Street Railroads and first Horsemen in New York City. It has no equal for Sprains, Harness or Saddle Chafings, Stiffness, Scratches, Swellings, Cuts, Lacerations, Bleedings, Pneumonia, Colic, Diarrhœa, Chills, Colds, &c. Its range of action is wide, and the relief it affords is so prompt that it is invaluable in every Farm-yard as well as in every Farm-house. Let it be tried once, and you will never be without it.

CAUTION! Pond's Extract has been imitated. The genuine article has the words Pond's Extract blown in each bottle. It is prepared by the only persons living who ever knew how to prepare it properly. Refuse all other preparations of Witch Hazel. This is the only article used by Physicians, and in the hospitals of this country and Europe.

HISTORY and Uses of Pond's Extract, in pamphlet form, sent free on application to POND'S EXTRACT COMPANY, 98 Maiden Lane, New York.

COUGHS, HOARSENESS, INFLUENZA, Sore Throat, Colds, Whooping Cough, Croup, Liver Complaint, Bronchitis, Asthma, Bleeding of the Lungs, and every affection of the Throat, Lungs and Chest, are speedily and permanently cured by the use of

Dr. Wistar's Balsam of Wild Cherry.

This well-known preparation does not dry up a cough and leave the cause behind, as is the case with most medicines, but it loosens and cleanses the lungs and allays irritation, thus removing the cause of the complaint.

CONSUMPTION CAN BE CURED by a timely resort to this standard remedy, as is proved by hundreds of testimonials received by the proprietors. None genuine unless signed I. BUTTS. SETH W. FOWLE & SONS, Proprietors, Boston. Sold by REDINGTON, HOSTETTER & CO., San Francisco, and by dealers generally.

Ayer's Cathartic Pills, For all the purposes of a Family Physic,

CURING *Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood,* are the most congenial purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and tone to the whole being. They cure not only the every day complaints of every body, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed and of great benefit they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists.

Sold by all Druggists and Dealers in Medicine. T. A. DAVIS & CO., Wholesale Agents, Portland Oregon.

Ayer's Ague Cure, FOR THE SPEEDY RELIEF OF Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

Has been widely used during the last twenty-five years, in the treatment of these distressing diseases, and with such unvarying success that it has gained the reputation of being infallible. The shakes, or chills, once broken by it, do not return, until the disease is contracted again. This has made it an accepted remedy, and trusted specific, for the Fever and Ague of the West, and the Chills and Fever of the South.

Ayers' Ague Cure eradicates the noxious poison from the system, and leaves the patient as well as before the attack. It thoroughly expels the disease, so that no Liver Complaints, Rheumatism, Neuralgia, Dysentery or Debility follow the cure. Indeed, where Disorders of the Liver and Bowels have occurred from Miasmatic Poison, it removes the cause of them and they disappear. Not only is it an effectual cure, but if taken occasionally by patients exposed to malaria it will expel the poison and protect them from attack. Travelers and temporary residents in Fever and Ague localities are thus enabled to defy the disease. The General Debility which is so apt to ensue from continued exposure to Malaria and Miasm, has no speedier remedy.

For Liver Complaints, it is an excellent remedy.

PREPARED BY Dr. J. C. AYER & CO., Lowell Mass., Practical and Analytical Chemists.

Sold by all Druggists and Dealers in Medicine. T. A. DAVIS & CO., Wholesale Agents, Portland Oregon.

EASTERN NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Extradited for Perjury.

NEW YORK, Sept. 27.—Judge Donohue to-day ordered the extradition to Illinois of Charles DeGrath, charged with perjury in Alexandria county, in that State.

Arrest of a Bank Robber.

LOUISVILLE, Ky., Sept. 27.—The *Courier-Journal's* special from Somerset, Ky., says the sheriff of Fentress county, Tenn., captured a man who answers to the description of Cole Younger. He had four thousand four hundred and ninety dollars and offered all to be released. He is now in jail and believed in Fentress county, and believed to be the partner of Jesse James, who was killed at Pine Hill, Kentucky, last week. James and Younger were both concerned in the Virginia bank robbery.

Trial of John Siney.

CLEARFIELD, Pa., Sept. 27.—To-day having been set for the trial of John Siney, president of the Miners' National Association, for conspiracy in connection with the miners' strike of last spring, a large number of witnesses and interested parties are in attendance. The defendant is represented by Judge Barrett, of Clearfield, F. W. Hughes and "Lin" Bartholomew, of Schuylkill county, and ex-U. S. Senator Carpenter, of Wisconsin, all of whom are present.

Fires.

HARTFORD, Sept. 27.—A fire at Hamden this morning, entirely destroyed Clark & Webbing's tool manufactory, and also his scissors and needle manufactory. Loss about $30,000.

HAVERSTRAW, N. Y., Sept. 27.—Two-thirds of the Rockland print works were destroyed by fire yesterday, and some unfinished goods were burned. The exact loss is not known. There was a full insurance. Peter J. Denman, foreman of the printing room, was instantly killed. Denman and several others were on a bridge connecting the printing building with the wash-house, when the gable wall of the wash-house fell, breaking through the roof of the bridge and pin sticking room. Two other persons were severely injured, and two slightly. The estimated loss ranges from $225,000 to $350,000.

Resuming Work at Fall River.

FALL RIVER, Mass., Sept. 27.—At 6 o'clock this morning the familiar sounds of gongs, whistles and bells sounded from the different mills, the manufactories throwing open their doors to operatives as they presented themselves at their respective mills. They were asked if they would or would not sign the agreement. Those who would not were requested to disperse, and those signing passed into the mills. Several mills did not have enough help to make it an object to start up. They are ready, however, when there are a sufficient number to make it advisable.

Durfee mills are running on twelve pair of mules, and about 250 looms, about one-eighth of full force being at work.

B. Borden's mill started up with 700 looms, and with a full complement of spinners and spoolers and the carding room nearly full. About 8:30 o'clock some thousand operatives marched down to this mill, making an attempt to enter the yard, but were met by the superintendent and overseer of the weaving department, whom they stoned, but were kept at bay, and the gate closed against them. This intimidated a large number of weavers, who then left the mill, and it is running about 350 looms.

The Fall River Manufacturing Co.'s mill started with 200 looms and six pair of mules. The spooling department is full, and there are four representatives in the other departments.

Strikers Threaten a Riot, and Military Ordered Out.

Slade, Weltaloe, Mechanics', Barnard and Granite mills had small representatives in each department, and all continue to run except Slade. Help there having been threatened with taking of their lives many withdrew, and the mill shut down. Women having several children in this mill were ousted by a mob of 600 mill operatives, who told them if their children were not taken from the mill they would be killed when they came out, and made similar threats to operatives of Chase and other mills. As they passed Montaup mill stones were thrown at it, smashing some thirty or forty squares of glass. A number were also broken at Osborne mill. The operatives visited Mayor Davenport this forenoon, soliciting aid. They were informed that as they had declined to work this morning he had no authority to assist them from the city treasury. They will apply to the governor. About 11 o'clock a thousand operatives gathered in and around Market square, near city hall, demanding relief. The mayor attempted to address them, but failing to obtain a hearing ordered the crowd to disperse. The police, in obeying his orders to disperse the crowd, was compelled to exhibit revolvers. The police made six arrests. The mayor has called upon Col. D. Duval, of the 3d regiment, who has notified companies B and D of this city to assemble at headquarters immediately, and also called additional companies of his regiment from neighboring cities. A large number of operatives would go to work at once could they be assured of protection. Of seventeen spinners who signed the agreement at Chase only six are at work, having been threatened with violence. The operatives have lost sympathy by to-day's proceedings.

The mob assaulted some operatives of the linen works at noon. A girl was cut on the head with a stone. The police were sent to the scene and the crowd promptly dispersed. Two companies of the 3d regiment have arrived from Taunton.

Grand Railway Celebration.

LONDON, Sept. 27.—The celebration of the fiftieth anniversary of the establishment of railways began Saturday at Darlington, England, with many thousands of people present, among them the lord mayor of London and the lord provosts of Glasgow and Edinburgh. The railroad companies subscribed £20,000 towards the expenses of the celebration. The programme was as follows: At noon there was a grand procession, winding up with the inauguration of a bronze statue of Joseph Pease, by the sculptor Lawson, costing £8,000. The ceremony of unveiling was performed by the Duke of Cleveland. In the afternoon there was a grand banquet, at which 700 guests sat down. At the banquet a fine portrait of Joseph Pease, by the artist Melleth, was unveiled. Congratulatory telegrams were sent during the progress of the banquet to all the railroad kings on the European continent, and in America, Egypt and India.

News from Stanley's Exhibition.

NEW YORK, Sept. 27.—A *Herald* special says two letters from Stanley have been received in London, dated from the village of Kagehizi, district of Achambi, in the country Usukuma, situated in Victoria Nianza; the first dated March 1st, the other May 15th. Two of Stanley's white companions, Edward Peacock and Frederick Barber, had died of fever.

The Grain Markets of Europe.

LONDON, Sept. 27.—The *Mark Lane Express* of this evening has the following review of the corn market for the week:

With abundant importations, prompted by the unfavorable aspect and general successful gatherings, the course of prices has been further downward, say from one to two shillings, and though we see no cause for immediate alarm, we think the reluctance of farmers to sell and the firmness of foreign holders may check a further downward move, so that as winter approaches prices may mend.

France is following our decline. Paris has slowly conceded one franc on flour, with a slight decline in wheat, but the provinces show little change, notwithstanding liberal arrivals at Marseilles. The present depression is more to be attributed to immense foreign arrivals than anything else, but we may expect a speedy falling off in these supplies and some reaction in prices, because none of the export markets have been reduced in like proportion to England.

In Belgium the decline has stopped. It is much the same in Holland, while some German markets show higher rates. Those at St. Petersburg show some reduction, and as every quarter which has lately been placed in granary will be needed, it is but reasonable to expect better prices will be paid
